

WRITING LYRICS!

We are going to write our own words for the 'Ode to Joy' song by Beethoven

The words in songs are called LYRICS

You need to write TWO lines of words to fit the tune

1. Decide what you'd like to write about and write down some words that fit that topic- *for example if I'm going to write about FOOD.....*

Pizza	Food	Nice	Salad
Cooking	Taste	Fruit	Pots
<u>Yummy</u>	Tongue	Veg	Oven
<u>Tummy</u>	Eat	Hot	Chips

2. Next see if any of those words rhyme- *yummy and tummy do*

These RHYMING WORDS could go at the end of both lines- (it doesn't matter if you can't find rhyming words)

..... yummy
tummy

3. Now try and make both lines in sentences- you've written your first lyrics! Here's my example- try singing it to the tune:

I like pizza I like chips I think they both taste very yummy
But if I eat only those things I will have a massive tummy!
